CHRISTMAS 2020

# FOREWORD

This Christmas, Galeries Lafayette is inviting the young and young at heart to take off to lands of make believe as part of a fabulous journey around the world. We embark on an exciting adventure alongside an intrepid young explorer named Celeste, who finds a hybrid plane on the rooftop of a Paris department store. It's the same plane fearless French aviator Jules Védrines famously landed on the rooftop of the Galeries Lafayette Paris Haussmann store over 100 years ago. Celeste flies around the globe, skimming the stars, making memorable discoveries and meeting some wonderful characters. She travels from sandy deserts and snow-covered jungles to a fairytale village full of polar bears, filling her magic trunk with thousands of gifts from enchanting, faraway places. Her incredible journey ends back in Paris, at the foot of Galeries Lafayette's Giant Christmas Tree.

CHRISTMAS 2020

# THE WORLD'S MOST BEAUTIFUL CHRISTMAS TREE

Every year, as the festive season draws near, a majestic Christmas tree appears beneath the stunning dome ceiling of Galeries Lafayette's Paris Haussmann store – a long-held and much-loved tradition. This year, in the spirit of “A Christmas Voyage”, the tree is decked out in ornaments from around the world and tells the story of the final stage in Celeste's exciting expedition. Bringing together a multitude of Christmas traditions, thousands of gifts hang from its snow-topped branches, reflecting the faraway lands visited on our fabulous journey, along with colourful pom poms and embroidered baubles. And dancing decoratively around the tree are glittering lanterns and Jules Védrières' plane. To top it all off, the dome lights go out every 30 minutes to reveal a spectacular sound and light show.

## THE GLASSWALK: JOURNEY UNDER THE DOME

Featuring a nine-metre-long glass walkway suspended from the 3rd floor of the main store, the Glasswalk experience gives visitors the opportunity to see the Christmas tree from a unique vantage point. #Glasswalk #UnderTheDome

# CHRISTMAS WINDOW DISPLAYS

The window displays at Galeries Lafayette's Paris Haussmann store offer a visual narrative of a voyage to enchanting, faraway lands. Each of the 11 scenes showcases a stage in Celeste's fabulous journey around the world: a fairytale village full of polar bears, an enchanted forest, a mystical land of Arabian nights and a glittering festival of lights, with wonderful characters and magical creatures. The final scene shows Celeste back in Paris ready to celebrate Christmas with all her friends on the rooftop of the Galeries Lafayette store.

# CHRISTMAS CHARACTERS

The heroine of “A Christmas Voyage” is Celeste – an inquisitive, intrepid young woman who’s always looking for adventure. Accompanied by her faithful star, she travels around the globe on an exciting journey packed with memorable encounters. From polar bears in pullovers and cheeky little monkeys to a magic Christmas tree, a dancing flower and a mysterious panther, Tom Schamp’s illustrations conjure up a wonderful world of make believe.

# TOM SCHAMP'S iLLUSTRATIONS

Galleries Lafayette entrusted the artistic design of “A Christmas Voyage” to Belgian illustrator Tom Schamp, who studied applied arts at Sint-Lukas in Brussels and graphic design in Poznań, Poland. Tom Schamp's illustrations have been used in magazines, ad campaigns and picture books, delighting adults and children alike. For “A Christmas Voyage”, he's created a fun-filled fantasy world in a captivating colour scheme.

## WHAT APPEALED TO YOU ABOUT THIS CREATIVE COLLABORATION WITH GALERIES LAFAYETTE?

As an illustrator who specialises in the publishing sector, I come from the world of 2D and mainly work on children's picture books. So, designing a department store's window displays was an exciting opportunity to step outside my comfort zone. First, because I had to translate my imaginary world into three dimensions (an exercise that was particularly challenging for the advent calendar window!). And second, because a display window is a very large format – ten times larger than a book.

## CAN YOU TELL US ABOUT YOUR ARTISTIC INFLUENCES?

I'm inspired by quite an eclectic range of artists, including Bruegel, Congolese painter Chéri Samba and French comic book author Jacques de Loustal. I also really like the fantastic, poetic world of Chagall. For Galleries Lafayette's window displays, I drew inspiration from retro references like the store's architecture and Jules Védrières' plane, but also from more futuristic images, to give Celeste the air of a modern young woman.

## WHAT DOES THE FESTIVE SEASON EVOKE FOR YOU?

The cheerfulness, generosity and bright colours of get-togethers with family and friends. The holiday season gives us all an excuse to celebrate life to the full, so I like to associate it with the promise of excess, excitement and abundance.

# SPECIAL GUEST: NETFLIX

For Christmas, Galeries Lafayette is inviting Netflix to unveil *Over the Moon*, a Glen Keane-directed family movie available exclusively on Netflix starting this autumn.

**Story:** Fuelled by determination and a passion for science, a bright young girl called Fei Fei builds a rocket ship to the moon to prove the existence of a mythical moon goddess. She ends up on an unexpected quest and discovers a whimsical land filled with fantastic creatures. Directed by master animator Glen Keane and produced by Gennie Rim and Peilin Chou, *Over the Moon* is an exhilarating musical adventure about moving forward, embracing the unexpected and harnessing the power of imagination.

Only on Netflix, starting this autumn.

## THE OVER THE MOON EXPERIENCE

To make the festive season more exciting than ever, Galeries Lafayette has teamed up with Netflix to immerse its Paris Haussmann store in the fantastic universe of the new family movie *Over the Moon*. As they travel upwards, from the window displays at street level to the immersive experience on the panoramic rooftop terrace, the young and young at heart will discover the fascinating world of Lunaria. The journey will begin on Boulevard Haussmann in October. Through window displays and a pop-up space inside the Mogador entrance, Netflix will unveil Fei Fei's real world and the one she dreams of discovering.

From 18 November, visitors will be invited to stop off at the *Over the Moon* pop-up space on the 5th floor of the main store. Here, they'll find a selection of products inspired by the film and its characters: Fei Fei's distinctive outfits designed in collaboration with Galeries Lafayette, a range of dolls from Mattel, soft-toy versions of Bungee the Bunny and the Lunarians, and a mooncake baking kit by Éditions Larousse for food-lovers and budding pastry chefs. Families will also be able to immortalise their visit to the store thanks to a photo call with a fantastic lunar decor.

The journey ends on the panoramic rooftop terrace of Galeries Lafayette's Paris Haussmann store, where a spectacular immersive experience awaits throughout the event to delight children and adults alike.

**From 18 November to 31 December.** Pop-up on the 5th floor of the main store. Immersive experience on the store's panoramic rooftop terrace.
